## Concert Venues:

### China Conservatory Symphony Concert Hall and Opera Hall:

Some performance venues for the concerts of the 29th International Society for Music Education World Conference will be located at the China Conservatory. As the only show place for musical performances in this area, China Conservatory has become a music and cultural center in the region with its talented musicians, art atmosphere and modern concert halls as well as rehearsal rooms.

The multifunctional building of the China Conservatory covers 4050 m<sup>2</sup> with a construction scale of 13904 m<sup>2</sup>, of which the total floor area for the rehearsal rooms and concert halls, including Grand Concert Hall, Chamber Concert Hall, rehearsal room, VIP room etc, are 8475 m<sup>2</sup>. The music facilities at the conservatory are a perfect marriage of tradition and modern times, inheriting not only the sound qualities of traditional concert halls, but the needs of modern life. No matter as a performer or audience, your experience at the China Conservatory will be transcendental.

The light and spacious Symphony Concert Hall with a double-decker auditorium and wide vision admits an audience of 1,000. The 190 m<sup>2</sup> stage with a width of 20 meters and a depth of 9 meters makes it possible for all kinds of performances including dance drama, musical play, opera, and theaters to be held in its auspicious hall. The exquisite and elegant Opera Hall has a seating capacity for 300 people and a 120 m<sup>2</sup> stage which is approximately 14 meters wide and 8 meters deep.

The Symphony Concert Hall and Opera Hall are both practical and attractive in design. The interfaces of both concert halls are made of material with no sound absorption. The halls' thick and solid walls guarantee the best sound reflection. The terraced auditoriums

ensure a natural sound performance whilst the interior of warm yellow teak and subdued lights create the perfect setting for a soft, profound and artistic experience.

### **Mini Concert Hall**

Located in the main building of the China Conservatory, the Mini Concert Hall with a capacity of 200 pax frequently houses recitals or duet concerts, suitable for one to four or more performers. The Mini Concert Hall is the perfect place to enjoy a closer concert experience within an intimate music atmosphere.

### **China National Convention Center**

The China National Convention Center is one of the venues for concert performance in this world music education congress. It is located in the Beijing Olympic Park Center area, close to the Bird's Nest and Water Cube. During the 2008 Olympic Games, it became the focus of the world as the fencing stadium, the international Broadcast Center (IBC), and the Main Press Center (MPC).

The China National Convention Center is physically impressive with a total built up area of 530,000 m<sup>2</sup>. It has a full-featured, advanced facility as the largest, up-to-date conference center in China, meeting the needs of all kinds of conferences, exhibitions, tourism, and large-scale activities.

The Auditorium has a warm elegant environment which can accommodate up to 350 pax, with excellent sound-absorbing effect which will ensure an extraordinary musical experience.

**Auditorium:**

Location: CNCC, Convention Area (C), 3rd floor

Size: 530 sqm (theatre), 350 seats

Stage: 15 m (l) x 5.5 m (w) x 0.5 m (h)

Besides the Auditorium there are additional concert venues, all located in the Convention Area of the China National Convention Centre, well equipped with a PA-system, a stage and comfortable seats.
