

Elementary Music Learning and Teaching- Pilot Program, Ebeye Public Schools, Republic of the Marshall Islands

Ashley Wright

This project proposal seeks to support the students and teachers of Ebeye Public Schools (EPS), in the Republic of the Marshall Islands (RMI). In collaboration with Ebeye Public Elementary School administration, 100% of Kindergarten students will participate in weekly music classes as part of the project. It is projected that there will be five sections of Kindergarten, ranging in 15-25 students each for an estimated total of 75-125 students receiving music classes. Kindergarten teachers will participate as teacher-learners in the project for the duration of the school year, as well as up to 5 additional teachers throughout the elementary and secondary grades. With up to 15 teacher participants within the first year, the project will immediately expand its reach and impact to beyond Kindergarten at EPS.
