

# Uma Canção para a Minha Escola

## (A Song for my School)

Joaquim Borges A. Gove

This program seeks to support school kids from primary and secondary schools of Maputo with music practice and learning. Objectively, the project will benefit Escola Secundária de Magoanine, Escola Primária 19 de Outubro, Escola Secundária Francisco Manyanga, and Escola Primária A Luta Continua. These schools were the pioneering and piloting schools when the founder of the project “Uma Canção Para a Minha Escola” started it in 2011. The first two schools are from the peripheral areas of Maputo Town, and the other two from in the town. Nevertheless, all these schools regardless of their geographical localisation accept and have students from both in-town and outside the town. Further, the school groups indicate a teacher focal point at the discretion of the head of school and, also, any interested teachers (who are not music teachers or musicians at all) are welcome to join.
